

FLUID FLOW REPAIR CENTER

Your Source for Best-in-Class Centrifugal Compressor Repair

At Fluid Flow's Repair Center, we put our best-in-class industry expertise to work, delivering an unmatched level of service for our expanding clientele of global aftermarket customers.

Quality Products & Service Faster-than-OEM Lead Times

Our in-house aftermarket repair team is committed to helping you keep downtime at a minimum with quick, thorough restoration and repair services. We ensure that every product and project we work on delivers like-new performance so that you can keep your operation – and your bottom line – moving in a positive direction.

Our Houston Service Center is uniquely positioned and staffed to fulfill large project requests with faster-than-OEM lead times while maintaining the highest levels of customer service and satisfaction on Cameron, Cooper Turbocompressor, Cooper Compressor, Joy, Ingersoll Rand, and Centac branded products.
